

SHYON SHIRI

Portfolio: www.shyonshiri.com | (408) 510-9055 | San Jose, CA | shyon2001@gmail.com

PROFESSIONAL SUMMARY

Versatile Creative Designer and Programmer with deep experience in technical "maker" projects and industrial production. Skilled in 3D modeling (Blender), electronics integration (Arduino), and structural manufacturing (Tesla), combined with a Bachelor of Arts in Graphic Design. Adept at building digital-to-physical products, from custom-coded web portfolios to functional LED enclosures and 3D-printed hardware, with a focus on delivering high-fidelity results.

WORK EXPERIENCE

Pharmacann ERP Specialist

November 2023 – January 2025 | Remote

- Optimized product listings and promotional data across five states utilizing Microsoft Dynamics NAV and Business Central to ensure data consistency.
- Maintained high inventory accuracy by monitoring item records and resolving discrepancies across multiple internal departments.
- Processed inventory adjustments and ensured system integrity to support high-level operational efficiency.

Impact Mail Marketing Multimedia Marketing Coordinator

November 2021 – February 2023 | Campbell, CA

- Designed high-impact marketing flyers and promotional materials for real estate listing campaigns.
- Planned, scheduled, and directed professional photoshoots and videography for property showcases on social media platforms.
- Managed office operations including record filing and high-volume preparation of mail sponsorships for open house listings.

Tesla Production Associate

March 2021 – August 2021 | Fremont, CA

- Executed structural sealing and aperture reinforcement across Model 3, Y, S, and X platforms to ensure vehicle integrity.
- Utilized specialized machinery for critical engine bay and cabin reinforcement prior to electrical integration phases.

PROJECTS

Personal Portfolio (Full Stack Development)

May 2025

- Developed a digital portfolio from scratch using Visual Studio Code, implementing custom HTML structures and managing server-side deployments via Cyberduck to showcase design works.
