Professional Experience

ERP Specialist

Pharmacann, Remote, San Jose

November 2023 — January 2025

- Optimized product listings and promotional data across five states using Microsoft Dynamics NAV and Business Central.
- Maintained high inventory accuracy by monitoring item records and resolving discrepancies across several departments.
- Processed inventory adjustments and ensured system integrity to support operational efficiency.

Multimedia Marketing Coordinator

Impact Mail Marketing, Campbell, California

November 2021 — February 2023

- Designed marketing flyers and promotional materials for real estate listing campaigns.
- Planned, scheduled, and directed photoshoots and videography showcasing various properties for social media.
- Managed certain office operations varying across record filing, information organization, and high-volume preparation of all mail sponsoring open house listings.

Production Associate

March 2021 — August 2021

Tesla, Fremont, California

- Executed critical structural sealing and aperture reinforcement across the Model 3, Y, S, and X platforms, utilizing specialized machinery to ensure cabin and engine bay integrity prior to electrical integration.
-
